

A journey of a thousand miles begins with a single step.

What made you decide to take this program?

I always wanted to drive a truck and I knew if I followed the DEP program that I would be better trained. I had also come to a point in my life, where I wanted to change careers.

Where are you working today?

I am self-employed, I own and operate my own truck.

How has completing your DEP changed your life?

I have been able to have a more secure and year round job. There is more stability and it is not seasonal.

**Adult Learners week
begins April 2nd.**
